

## Zero Cost Sales Training Course - you can't beat that!

Change is here and it is coming to you in the form of ZERO COST SALES TRAINING.

It doesn't make practical business sense to give away your core product for NOTHING especially when it has a value of \$395+ per head but here it is anyway.

**Course:** 'Sales Fundamentals That We Seem To Forget'

**Venue:** 45D Mt Wellington Highway

**Date:** 23rd February 2011

**Duration:** 9am – 1pm

**Cost:** NIL – seats limited

### Ok so what is the catch?

As an employer I believe that there should be a bank of people, a place to go, where I get to view and assess prospective new employees online, not just written CV's but actually see and hear them.

I feel that job seekers need to step up and start demonstrating their desire to work, a simple act of creating a Video CV is a great way of achieving this.

This is why Zealmark have joined forces with a vibrant new web based business, Urban Swarm Ltd that assists employers to locate proactive job seekers fast thus saving them (you) money, time and aggravation.

You see at Urban Swarm you get to 'View them before you interview them'.

This business promotes proactive job seekers looking for work in your industry via Video CV. This means you get to view the person, listen to, read about them and then create a short list fast before you commit time interviewing them.

### Sorry I'm just excited about this - What's the Catch?

To secure your seat you must complete the zero cost registration process on the Urban Swarm website – it's that simple and again it cost nothing to do so!

You get to promote your business, search proactive job seekers and up until the end of March you can place any situation vacant adverts on the site all for absolutely zero cost.

### Let's take a look at what this change brings...

- \* Free Sales training for you or your staff members – seats limited so be fast.
- \* Free promotion on the Urban Swarm website
- \* Free placement of situation vacant up until the end of March and then it's 'buy as you need'.
- \* Plus much more that Urban Swarm also offers you.
